PanCareSurFup for Childhood Cancer Survivors – European Conference
ACTING NOW!

**23 – 24 MAY 2016
THON HOTEL EU BRUSSELS, BELGIUM**

Don't miss this opportunity: in a few months from now, partners and experts from the EU project [PanCareSurFup](#) (PanCare Childhood and Adolescent Cancer Survivor Care and Follow-Up Studies) will present important study findings and initiatives from this 6 year project investigating serious long-term consequences of childhood cancer and its treatment during childhood and adolescence.

The 2-day **PanCareSurFup European Conference 'Acting Now!'** will address the current challenges in ensuring the quality of survivorship. As one of the main objectives of the broader [European Cancer Plan for Children and Adolescents](#), the research performed by PanCareSurFup partners is essential to educate both former patients and healthcare professionals. The Conference also aims to empower survivors to play an active role in maintaining their own health and well-being via specific tools, like the 'Survivorship Passport'.

This unique Conference will bring together several key stakeholders: paediatric oncologists and healthcare professionals, European policy-makers, researchers, psychologists, nurses, childhood cancer survivors and their families.

Registration will open on December 2nd 2015 on the PanCareSurFup website (www.pancaresurfup.eu) and remain open until May 10th.

Participation grants to attend the conference are available for childhood cancer survivors and their families (please see the special application section after registering to attend the conference). Applications for participation grants to survivors and families will be accepted between December 2nd 2015 and February 1st 2016. Awardees will be notified by February 15th. The grants are subject to availability and needs.
